SKILLS

Languages JAVA, Python, HTML, CSS, JavaScript, Node JS, Express JS, React
Frameworks and DBs MySQL, MongoDB
Relevant Coursework OOPs, DBMS, DSA, OS, CN

EDUCATION

2021 - Present **GLA University, Mathura**
Bachelor of Technology in Computer Science **76.9%**

2021 **Radiant Stars English School, Aligarh**
Class XII CBSE Board **76.4%**

INTERNSHIPS & TRAINING EXPERIENCES

- **Job Oriented Value Added Course** May 2023-July 2023
Trainee at Coding Blocks [Certificate Link here](#)
 - Completed an intensive training program focused on Full Stack Development, covering core concepts and best practices.
 - Successfully developed a fully functional Movie Site project, showcasing expertise in building responsive and dynamic web applications.
- **NexusByte Internship** Feb 2024-Apr 2024
Trainee [Certificate Link here](#)
 - Gained a solid foundation in Java programming, focusing on object-oriented principles and application development.
 - Enhanced coding proficiency through hands-on tasks and practical problem-solving scenarios.

PROJECTS

- Real Estate - Property Purchase** | React.js, Node.js, Express.js, MySQL Jan 2024
- Designed an intuitive interface using React.js for property listings, search, and details, incorporating Redux/Context API for efficient state management, enhancing user interaction for over 10,000 property listings.
 - Built a robust API using Express.js with Prisma for secure authentication, property management, messaging, and payments, achieving sub-100ms response times and seamless database interactions with MySQL.
- Stock Prediction** | Python Apr 2022
- Built an interactive web app with Streamlit to fetch and process historical stock data from yfinance, leveraging numpy for data analysis and Prophet for accurate stock price predictions.
 - Designed a user-friendly interface for visualizing and interacting with prediction results, enabling real-time exploration of 10+ forecasting metrics and trends. .

CERTIFICATIONS

- **SQL** (*HackerRank*) [Certificate Link here](#)
- **Python** (*HackerRank*) [Certificate Link here](#)
- **Java** [Certificate Link here](#)

EXTRAS/CO-CURRICULAR/ABILITIES

- **Data Head**, Entrepreneurship Cell 8.O.
- Time Management | Leadership | Work under tight deadlines | Strong Analytical Problem- Solving Skills
